hot pavement and sand,
and that they are wearing
their collar WITH ID in case
they're separated from you.

We thank YOU all for your

The Bone-Anza Continues!

We can't believe how blessed we are! Remember in our last newsletter we told you about how a very generous and longtime SPARE supporter contacted us with a wonderful proposition? And that she had offered to double the donations that SPARE receives up to \$10,000? **SHE'S DOING IT AGAIN FOR THIS NEWSLETTER!**

That means, if you donate \$25, \$50, \$75, \$100 or any other amount, our anonymous SPARE supporter will DOUBLE it! \$25 becomes \$50! \$50 becomes \$100 and on and on and on! This will continue up to \$10,000!

Why is this SO important to us? The animals we take in are in need of extensive medical care before we can place them. We provide vaccinations, spaying/neutering, dental cleanings (and sometimes numerous extractions), medication and microchips.

Even though our friends at **Country Hills Animal Clinic** and **VCA Clarmar Animal Hospital** kindly and generously give us a rescue discount, our average expense per animal is between \$500-\$900. And this does not even include everyday living expenses such as food, housing, bathing, and grooming.

An anonymous SPARE supporter is going to double **WHATEVER** gift you send!! This will add more to your already generous gift making your donation go twice as far. It will double your giving power **and allow you to get more bang for your buck.**

We want to thank you in advance for being a part of this special "matching effort" which allows us to help more of the helpless animals that depend on us. **Now bring on the Bone-Anza!**

Stormi ... Our Orphaned Kitten

Sweet little Stormi came to us a few days ago. She was found alone and scared... no one to take care of her. She would have never survived without help because she is far too young to even eat on her own and must be bottle fed by our volunteers to survive.

She got the hang of eating pretty quickly and she is doing very well and is super sweet. She loves to be cuddled and held!

Stormi will be available for adoption around the middle of September. If you are interested in adding sweet Stormi to your family, please call us or email us. She deserves a very special and forever home!

Again, we thank you for all of your support! It is because of you that we are able to save Stormi and so many others. We could never accomplish all that we do without you ... our amazing supporters!

Does My Dog Love Other Dogs?

Just like people, dogs have different levels of tolerance for other dogs.

As a dog matures, he or she will often quite naturally become less social and tolerant. There are many developmental changes that happen between sexual and social maturity, and most dogs will continue to display these changes until two to three years of age. Proper facilitation of dog-dog introductions and friendships can change your dog's sociability for the better over time, and bad experiences can quickly make things worse. Good leadership and direction is important to set your dog up for success with their species.

DOG SOCIAL

I generally LOVE all dogs, even the ones who get in my face and do rude, annoying stuff. I am either a PUPPY or a VERY SOCIAL ADULT.

DOG TOLERANT

I get along with most dogs. I am generally tolerant of rude behavior, and stay pretty calm on leash. I'm cool and relaxed, and have good communication skills.

DOG SELECTIVE

I have dog friends but am picky about new dogs. Seeing unfamiliar dogs when I am on leash is really stressful. I don't cope well with some types of dogs or styles of interaction. I need human supervision, positive guidance, and proper introductions.

DOG AGGRESSIVE

NOPE. Not into other dogs. If I have to select 1 or 2 dog friends, I am super sensitive around them too, and may act like a jerk when triggered.

I need extra management and patience from my humans, whom I love more than dogs!

A dog's social tolerance changes over time and is flexible and manageable!

SPARE's Helpful Paws Program

SPARE sometimes partners with local humane societies to enhance their ability to save more lives. We often help pay for medical care, spay and neuters, and cross-promote the animals to our supporters to help find them their forever homes.

We have 4 precious souls that we are sponsoring and we're so blessed to be able to present them to you!

Meet two beautiful Golden Retrievers, Sierra (r) and Lucy (l)! They were rescued from a puppy mill situation in the Riverside area. They came to us with terrible skin and ear infections. Both were severely overweight and one had bladder stones. The girls are about 6-7 years old and very shy but desperately want to be cuddled and loved. They are so beautiful!

Hazel

We would also like you to meet Hazel and Star! A local humane society rescued these girls from the streets of Mexico (along with many others). Several rescue organizations, including SPARE, came together to help save them. Sadly, they were in terrible shape... sickly, starving, you name it.

Both girls are estimated to be about 3 years old. Hazel is a Lab and super sweet! Star is a Beagle and is so wonderful and special! Both girls have such deep, soulful eyes. They have seen the worst that life has to offer and deserve wonderful forever homes

Please call or email us for details on adoption!!!

Star

Sierra & Lucy

If you leave your dog locked in your car on a hot day, I WILL NOT hesitate to break your window with a tire iron. And please don't come out and yell at me. I will be very angry with you ... and holding a tire iron. :)

I Am an Animal Rescuer

- I will save lives. I will lose lives.
- I will make wise decisions. I will make mistakes.
- I will be surrounded by people who understand what I do and how I feel.
- I will be criticized and abandoned by those who do not understand.
- I will rejoice when each homeless huggable finds a new forever family.
- I will suffer through days when I cannot get those lost out of my mind.
